

14 September 1953

Dear Walter:

It was good to see your signature again and I should like to have a chance for a good talk with you. I have noted Tuesday, September 29, and I should like to attend the Directors' Meeting if I possibly can, but the middle of the day is a difficult time for me because it means the loss of a whole day here. However, I shall do my best.

Let me know when you are going to be in Washington.

Sincerely,
